

QUESTIONS ABOUT...PROPANE

Let us offer you peace of mind; we have **two 30,000-gallon** storage tanks and contracts with major suppliers to ensure that everyone has the gas they need.

Is a leak check necessary? Yes, for your safety a leak check is required each and every time you run out of propane. New York State law

FUEL OIL & KEROSENE

We have our own fuel storage facility. This helps to ensure that we never run out of fuel regardless of the circumstances.

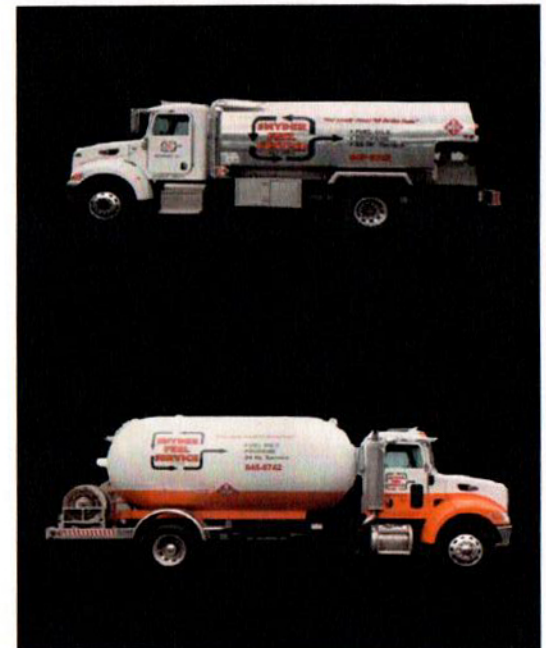

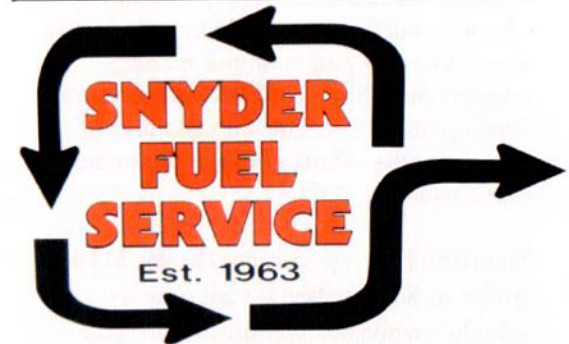

MONEY SAVING SOLUTIONS

Fuel prices fluctuate, so we estimate a high average to base the pre-pays/budgets

- 1. PRE-PAY:** You "pre-pay" for at least 500 gals. of Oil or Kerosene at the estimated market price. You will receive \$.25/gal. better than charge price at the time of delivery. (\$.10/gal. less than cash)
- 2. BUDGET:** Equal monthly payments make paying for your fuel needs more manageable. You would receive \$.20/gal. off the charge price given on May 15th if you maintain your budget. (\$.05/gal. less than cash)
- 3. PAID IN 10 DAYS DISCOUNT:** When you pay in 10 days you get a discount of \$.15/gal. off the charge price.

TUNING UP THE HEATING UNIT.... IS IT NECESSARY??

Cleaning your furnace or boiler once a year is important to keeping your unit running properly and efficiently. We recommend yearly cleanings to prevent a malfunction during winter months. Think of this as preventative maintenance.

Standard Tune up: furnace/boiler \$119
(prior to September 1) Call now to schedule while our technicians are less busy.

IMPROVED ONLINE OPTIONS

@ www.snyderfuel.com

ONLINE BILL PAY – Customers can pay online with a check or credit card. Your account can be billed automatically if you choose.

We now offer paperless billing. We will simply email your bill.

Visit our website @ www.snyderfuel.com

Your user ID is your account #. Your temporary password is your account number followed by your five-digit zip code. We ask that customers change their password.

PROPANE TANKS

For those of you who are not aware we have a pump station that allows us to fill your barbeque and camping propane tanks, so when you're preparing for a picnic or a camping trip just stop in and one of us can fill it right up for you.

WE ARE HERE FOR YOU

Owner Tim Snyder

Office Ted, Sarah, Kathy

Technicians Albert, Scott, Bernie

Oil Drivers Rich, Dennis, Brett

Propane Driver Lee, Kevin

OUR APPRECIATION

We would like to welcome any new customers to our family at **Snyder Fuel** and extend our appreciation for allowing us to service and provide your heating needs.

Our goal is to make your experience with Snyder Fuel a good one. If you have any questions or concerns, don't hesitate to call, (315) 845-8742.

Freeze Alarm: For those properties that are not always occupied in the winter months we recommend a temperature-monitoring device. This is very cheap insurance to help prevent a frozen house disaster. Please check freezealarm.com. or another monitoring device.

Oil Tanks: Some of the older homes have oil tanks that are more than 30 years old. We recommend the homeowners inspect their tanks periodically. Tanks that show signs of rust, scale, or weeping must be replaced. For anyone with plastic fill pipes or weak vent whistles, we will contact you in order to repair or replace.

Summer Recipes

Submarine- light, tasty summer camping drink
In a pitcher with ice combine the following:
1 container of frozen lemonade
1 lemonade container full of Canadian Club Whiskey
3 cans of Utica Club
(3 Advil for the morning)

Venison Marinade-

½ cup dry red wine
¼ vinegar
¼ cup olive oil
3 to 4 Juniper berries
Sprig of each; parsley & thyme
2 bay leaves
1 crushed clove garlic
2 slices onion
A pinch of nutmeg
1 tbsp. of sugar
1tsp. Salt
A dash of hot pepper
Marinate the meat, covered in the fridge, for 24 hours
